## WORK EXPERIENCE

---

### Tekion

June 2022 – Present

#### Associate Software Engineer

Chennai

- I have extensive experience working on **CRM** campaign applications, particularly for high-profile events such as the **NADA (National Automobile Dealers Association)** event held in Los Angeles. My contributions to the **CRM** campaigns mobile app significantly enhanced the company's performance at the event, resulting in a remarkable **25%** increase in business opportunities. This achievement underscores my ability to optimize customer relationship management processes and drive business growth through effective mobile solutions. My efforts were recognized with an award for being the top contributor to the NADA applications, highlighting my commitment and expertise.
- In addition to CRM applications, I have played a pivotal role in developing the **Support Portal** app, which is designed to assist support team members in managing and resolving customer support tickets efficiently. By implementing features such as ticket tracking, status updates, and communication tools, I ensured that the support staff could handle tickets more effectively from their mobile devices. My focus on creating a user-friendly interface has greatly enhanced the productivity and effectiveness of the support team, leading to improved customer satisfaction and quicker resolution times.

### Fibonalabs

November 2021 - June 2022

#### Software Development Engineer 1

Bangalore

- I have extensive hands-on experience with **React Js** and **Next Js**, specializing in building robust web applications during my tenure at Fibonalabs. Additionally, I have developed **Chrome extensions**, showcasing my proficiency in enhancing browser functionalities. In mobile development, I have contributed to the creation of **Flutter** applications, including projects for **3EV**, focusing on delivering intuitive and cross-platform solutions. These experiences have equipped me with a solid foundation in agile development practices and a knack for creating user-friendly interfaces. I am committed to leveraging my skills to drive innovation and excellence in software development.
